SUWAM SUBEDI

SUMMARY

Passionate Computer Engineering student with hands on experience in full stack development, mobile applications, and UI/UX design. Skilled in building scalable, user friendly systems using modern technologies. Strong problem solving mindset with a focus on developing real-world solutions and continuously learning emerging technologies.

EXPERIENCE

UI/UX Designer, **07/2024 - 07/2025**
Kitwosd IT Support Center Pvt. Ltd. - Laltipur, Nepal

- Designed intuitive mobile app interfaces, wireframes, and prototypes using Figma.
- Improved user experience by applying UX principles and usability testing.

IT Officer, **01/2024 - 01/2025**
Baljagriti English Secondary School - Hetauda, Bagmati

- Provided technical support to colleagues, resolving issues related to hardware, software, and network connectivity promptly.
- Managed inventory of IT assets, ensuring accurate tracking and timely replacement or upgrades of equipment.

Digital Marketing Intern, **11/2024 - 12/2024**
SUDIISU Masala Pvt. Ltd. - Hetauda, Nepal

- Created digital campaigns on social media using Google ads, Facebook ads and other tools.
- Increased social media engagement effectively through targeted, on-trend content creation.

ACHIEVEMENTS

- Best Project Award – Maze Generator (MERN, D3.js), Minor Project (2024)
- Best Project Recognition – Itinerary Voyager (Flutter, Firebase, A* Algorithm)
- Selected as UI/UX Designer at Kitwosd IT Support Center, contributing to web and mobile interface design
- Completed Ethical Hacking Workshop – DanpheLink (Cybersecurity Training)
- Developed multiple real-world projects in web, mobile, and algorithm-based systems

PROJECTS

Itinerary Voyager

- Built a travel planning mobile application using Flutter and Firebase
- Implemented A* algorithm for optimized scenic route generation
- Designed automated day-wise itinerary system based on user preferences

CONTACT

Address: Kathmandu, Nepal
Phone: (+977) 9865407952
Email: suwamsubedi30@gmail.com

SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), and React
Mobile: Flutter (Dart); Backend: Node.js, and Firebase
Programming: C, C++ and Python
UI/UX: Figma, wireframing, prototyping
Tools: Git, GitHub, Postman, OpenCV
Core Concepts: Data Structures, Algorithms, REST APIs, and OOP

WEBSITES, PORTFOLIOS, PROFILES

- linkedin.com/in/suwam-subedi-40024a358
- github.com/suwam
- https://suwamsubedi.com.np/

- Improved travel planning efficiency with intelligent recommendations

Maze Generator

- Developed an interactive maze generator and solver using MERN stack and D3.js
- Implemented pathfinding and visualization algorithms for real-time interaction
- Designed dynamic UI for smooth and engaging user experience
- Awarded Best Project for innovation and algorithm implementation

File Compressor

- Implemented Huffman Encoding algorithm in C++ for lossless compression
- Reduced file size efficiently while maintaining data integrity
- Optimized encoding/decoding performance using data structures

Kharcha – Expense Tracker App

- Developed a personal finance tracking mobile app using Flutter and Hive (local storage)
- Implemented features like expense categorization, budget tracking, and real-time balance updates
- Designed intuitive UI with graphs and insights for spending analysis
- Enabled data persistence and offline functionality for seamless user experience

EDUCATION

Bachelor, **Computer Engineering**, **01/2021 - 01/2025**
Everest Engineering College - Sanepa, Lalitpur
Final year student (results pending)

+2, **Science**, **01/2018 - 01/2020**
Hetauda School of Management & Social Sciences - Hetauda
GPA: 3.2
Graduated from Higher Secondary (+2) Science stream (Physical group), securing a GPA of 3.2.+2 science securing the 3.2 in the physical field.

School Leaving Certificate, **SEE**, **01/2006 - 01/2018**
Baljagriti English Secondary School - Hetauda
GPA: 3.3
